**Emma Sheppard** is a lecturer in Sociology at City University in London, UK. Her research is in critical disability studies, in particular the experience of pain and fatigue, the development of the concept of crip time, and the intersections of disability with sexualities and gender. Emma's PhD research focused on the experiences of pain for people living with chronic pain and engaging in BDSM, and explored notions of control and containment, and normative understandings of pain. She is also interested in accessible research methodologies and pedagogies and tries to put theory into practice when it comes to developing accessible teaching.
